Career Objective

Driven and curious B.Tech student specializing in Artificial Intelligence and Machine Learning, with a solid foundation in programming and databases. Strong enthusiasm for applying technical knowledge to real-world challenges through smart and efficient solutions. Looking for internship opportunities to gain hands-on experience, enhance practical skills, and contribute to innovative, impactful projects in the fields of software development and AI.

Education

Bachelor of Technology (B.Tech) in CSE(AI&ML)

AVN Institute of Engineering and Technology, Ibrahimpatnam

Expected Graduation: 2027 | Current CGPA: 7.3

Technical Skills

- **Languages:** C, Python, MySQL
- **Soft Skills:** Strong communication, team leadership, and collaboration
- **Interests:** AI & ML applications, project building, problem-solving

Certifications

- IBM SkillsBuild – Fundamentals of Artificial Intelligence
- IBM SkillsBuild – Professional Excellence Certification

Projects

EventSpark – Let Your Event Shine

An event management web application designed to streamline the organization of events.

Built using JavaScript, MySQL, HTML, CSS, and Flask.

Participation

Hackathon Participant – Developed and pitched tech solutions in a fast-paced team environment.

CodeFiesta Competitor – Participated in coding challenges focused on logic, accuracy, and speed.
